EDUCATION

JAIN UNIVERSITY | ONLINE

MCA - Full Stack Development
Expected Jan 2026 | Banglore
CGPA: 9.0 / 10.0

GURU NANAK COLLEGE

BCA - Computer Applications
Grad. May 2021 | Chennai
CGPA: 9.394 / 10.0

COURSEWORK

UNDERGRADUATE

Programming Fundamentals
Operating Systems
Data Structures and Algorithms
Object Oriented Programming
Database Management System
Software Engineering

POSTGRADUATE

Advanced Programming
Application Development
Web Development
Advanced Web Technologies
CI/CD and DevOps

ACHIEVEMENTS

ACADEMICS - BCA

Bronze Medalist: Ranked 3rd in overall course performance.
Centum Holder: First Semester - Mathematics.
Event Coordinator: Talent Hunt'19 - Computer Applications Department

EXPERIENCE

ZEALEYE.AI TECH SOLUTION | SOFTWARE DEVELOPER

Mar 2023 - Present | Chennai, India - Onsite

- Led the backend development team, overseeing end-to-end management of backend development using **Node.js**, **Express**, **MongoDB**, and **PostgreSQL**.
- Optimized backend processes and implemented solutions on **AWS** services like **EC2**, **RDS**, and **S3**, improving system performance and uptime.
- Delivered a **new functionality** - Promotional Offers in existing chatbots of a major bank, ensuring seamless integration across different bots.
- Designed a infrastructure to handle **TCP connections** for an IoT project, using **Event Emitters** and **Websockets** to relay real-time data from devices to the frontend.
- Assisted team members with technical issues and **mentoring junior developers**, ensuring smooth delivery of project milestones.
- Tech Stack: **Node.js**, **Express**, **React**, **AWS - S3, Cloudfront, Cloudwatch, Lambda, Redis, Firebase**. Database: **MongoDB, PostgreSQL, MS SQL Server**

COGNIZANT TECHNOLOGY SOLUTIONS | SYSTEMS ENGINEER

Mar 2022 – Mar 2023 | Chennai, India - Remote

- Ensured adherence to **ITIL protocols** for Incident, Problem, and Change Management, achieving **100% compliance** in internal audits.
- Provided **timely updates** on incident status to stakeholders, enhancing satisfaction through **clear communication**.
- Reduced **ticket resolution time by 30%** by writing and optimizing **SQL queries**, boosting customer satisfaction.
- Efficiently closed tickets and maintained documentation, contributing to **98% SLA compliance** and operational efficiency.

BYTE BLANKET | JUNIOR QA

Jun 2021 – Sept 2021 | Dubai, Dubai - Remote

- Reviewed requirements, specifications, and technical design documents to provide timely, constructive feedback.
- Identified, documented, and tracked bugs throughout the development lifecycle, ensuring clear communication with the team.
- Collaborated with development and technical teams to resolve issues and improve overall software quality.

STUDENT INTERN

Jun 2020 – Jun 2021 | Dubai, Dubai - Remote

- Contributed to software development projects by delivering key features and improvements.
- Performed product and project testing, ensuring quality and functionality before release.
- Tech Stack: **React**, **React Native**, **Manual Testing**

PROJECTS

DLOGGER [Live Link]

- Zero-dependency logger with built in support for sequelize and mongoose logging. Tech Stack: **TypeScript**

GST BILLING - VI [Github Link]

- Automated GST billing software deployed on premise for Victory Industries. Tech Stack: **NodeJS, Express, React, MongoDB**
